ROOSEVELT TO FIGHT IN OPEN

Senator Dixon Probably Will Be
in Charge of the Colonel's
Headquarters

M'CORMICK OPENS OFFICE.

Takes It on Himself to Answer
for Roosevelt Criticisms
by the Administration

Washington, D. C., Feb. 16.—A fight for the republican nomination for president is about to be precipitated that will be one of the most interesting and exciting in the history of the party. A national organization for Roosevelt will at once be launched. Senator Joseph L. Dixon, of Montana, is apt to be the chairman and directing head of the Roosevelt organization. He is a progressive and an experienced politician. He was connected with the western headquarters of Taft at Chicago four years ago. Senator Dixon will go to New York to see Col. Roosevelt in a few days.

President Taft is now in the open as the candidate of the conservative interests. Col. Roosevelt's friends will challenge him on the ground that he has repudiated the issues upon which he was nominated and elected. They will appear to the country from the present reactionary attitude of the president to the solemn pledges he made in the campaign in which he was elected over reactionary opposition. They will recall to the country what the president said to the people in his inauguration address when, with his hand uplifted, he promised to carry out the political platform of his predecessor. They will then appeal to the republican masses of the country against this alleged betrayal of the principles of the party into the hands of Wall street.

Within a few days Theodore Roosevelt will send a letter in reply to the governors, who met last Saturday at Chicago. His reply will be that he is willing to abide by the decision of the Chicago convention, whatever it may be. If the convention nominates him, he will accept. This information comes from a Roosevelt senator, who returned today from New York where he was in consultation yesterday with Col. Roosevelt.

LABOR MEN ARE CAUGHT

Chief Officer and Most of the
Members of the Iron Work-
ers Arrested.

A. F. OF L. HAS CLEAN BILL.

Pres. Ryan and Sec. Hockin of
Iron Workers Issue State-
ments.

Indianapolis, Ind., Feb. 16.—The United States government Wednesday arrested almost all of the fifty-four men indicted in the dynamite conspiracy cases.

It took into custody within a few hours practically the entire official staff of the International Association of Bridge and Structural Iron Workers, including the chief officers, members of the executive board and about twenty business agents and former business agents. These included Frank M. Ryan, the president; John T. Butler, of Buffalo, N. Y., the first vice-president, and Herbert S. Hockin, the second vice-president and successor of John J. McNamara as secretary-treasurer, and each of these men were required to give \$10,000 bond for his appearance for arraignment here with all the other defendants on March 12.

More than forty of the men, chiefly labor union officials who are charged with conspiracy to destroy by dynamite or nitro-glycerine the property of employers of non-union labor, were under arrest by night, and it was declared the apprehension of all the others would follow.

By its action the government revealed the identities of the men whom it charges with being the accomplices of the McNamaras and Ortie E. McManigal in the dynamite plots, embracing almost 100 explosions, which were begun in Massachusetts in 1905, which were scattered over the country for six years resulted in the wrecking of the Los Angeles Times building and an attempt to blow up President Taft's special train at Santa Barbara, Cal., last October. Fourteen of those indicted are each required to furnish \$5,000 bond, making an aggregate bond required of \$340,000. Some of those whom the government was unable to find Wednesday were reported to have disappeared through fear of inability to get bond. It was intimated that the iron workers' association would be unable to furnish security for its indicted members.

INAUGURATION IS SIMPLE

Gov. Hunt Grew Up With the
Territory And is Plain in
All His Tastes.

Washington, D. C., Feb. 16.—As the white house clocks were striking 10 President Taft, Feb. 14, signed the proclamation admitting Arizona to the union. He used a gold pen which was given to Postmaster Gen. Hitchcock.

"There you are," said the president as he signed the last document. In signing the proclamation admitting Arizona to the union, President Taft added the forty-eighth star to the flag and brought within the sisterhood of states the last bit of territory within the confines of continental United States, except Alaska.

To perpetuate the scene for future Arizonans, the moving picture man invaded the white house for the first time. The president's office was filled with officers of the new state, government officials and others interested.
